A Legally GUARANTEED CURE for Hog Cholera

There is a remedy for hog cholera that is sold under a "Legal Guarantee Bond." How can you afford to take chances against hog cholera when you can get this remedy on such terms?

Bourbon Hog Cholera Remedy is the only remedy ever put up that is guaranteed to cure and prevent hog cholera. It does the work better than any other known remedy. If it did not, it would not be sold on such a strong guarantee. At All Drugists. Write for free booklet telling how to save your hogs. HOFFMAN, BERRY COMPANY, Lexington, Ky.

A Card to Owners of Rural Telephone Lines

We are anxious to see that all lines owned by other parties and connected with us are kept in such condition as to furnish efficient service. Where the owners of rural lines are responsible for their upkeep, we want to co-operate with them.

All lines require a thorough overhauling occasionally if the best service is to be obtained. We recommend that every line connected with us be overhauled at least once a year, and that at least one experienced telephone man assist in this work. The cost of this work when divided among all the patrons of the line, makes the amount paid by each man small, and this cost will be more than offset by the improved service.

If the owners of rural telephone lines in this section are experiencing trouble with their service, we will appreciate their talking the matter over with our Manager or writing us fully. We will gladly do what we can toward helping you improve the condition of your line.

POLITICAL ANNOUNCEMENTS

The Interior Journal is authorized to announce the following candidates for office, subject to the Democratic primary, August 7th, 1915.

For Circuit Judge
C. A. HARDIN, of Mercer county.
CHAS. C. FOX, of Boyle county.

For Commonwealth's Attorney
E. V. PURYEAR, of Boyle county.
R. W. KEENON, of Mercer county.
J. S. OWSLEY, Jr., of Lincoln county.

For Railroad Commissioner
WM. F. KLAIR, of Fayette county.
J. E. NEWMAN, of Nelson county.

For Circuit Clerk
JESSE D. WEAREN.
MARSHALL C. NEWLAND.
For Representative in Legislature
W. G. GOOCH.

The New York Legislature has passed a Mother's pension bill, which provides that child welfare boards shall be appointed in every county in the State and in the larger cities, to regulate and award pensions to widowed mothers of minor children in need. In every county not consisting of one city the board shall be named by the county judge, while mayors will select the boards in cities comprising counties. The boards will have the power to pension any widowed mother who is deemed to be the proper person to care for her children. In case where the mother is not deemed a proper person, the children then may be committed to a charitable institution. In granting the pensions, boards could allow only as much money as would be required if the children were sent to a State institution instead of being left with the widowed mother.

To class as a misdemeanor the wrong done by falsehood told in advertising, is the purpose of a bill now on the way to enactment in the Missouri Legislature. The measure exempts from its effects the publisher of the paper or periodical carrying the lying advertisement. It provides a fine and jail sentence for the offender. More and more it becomes not only wise and advisable but necessary to tell the truth in business. The very small minority which persists in misrepresentation gradually is being hemmed in by decent society, and government is taking a hand to protect the public against fakers and liars.

The Progressives are growing beautifully less. That party's strength in the next House of Representatives will consist of seven members, compared with 19 in the last Congress, according to the calculations of Representative Stevens, of California. He says that the seven will confer at the beginning of next session to determine upon a leader and to outline the party program. As the Progressives are a head-strong, if not a strong-headed lot, the chances are there will be no several leaders for Roosevelt's party during the next session at Washington.

West Virginia has declared a moratorium. This means that all State officers, from the governor down, will not be paid for their services with promptness and they may have to wait months for their drafts. It also means that all building under construction will be delayed until all supplies for institutions can not be bought except for cash. The main cause for the trouble is the loss of more than \$600,000 revenue annually from liquor licenses throughout the State. Another cause may be the mismanagement of the State's affairs by the party in power.

The Arkansas Legislature will more than likely pass a bill placing a tax of \$1 on each mail order catalogue sent into that State. If the bill becomes a law it would be a good idea to place a tax of \$5 or \$10 on each person buying from the robbing concerns. The bill is intended to protect the local merchant, but it will be quite as much protection for the fellow who sends his money to Chicago or some other city and gets inferior goods at higher prices than his accommodating home merchant will sell them on credit for.

If you have read every copy of the Congressional Record from the beginning to the end of the Sixty-third Congress you haven't had much time to devote to other literature. Bound together the Congressional Record makes a book of 32,000 pages, which would be 64 1/4 feet thick, making a pile of closely printed matter in small type as high as a four-story building.

The Attorney General of Alabama has given an opinion that prohibition laws in his State require the removal of all signs advertising saloons. Wholesalers are permitted to have signs not more than three inches long, under the Federal law. The law does not define the width of the sign.

While James Davis Fort, of Marion, Ind., was celebrating his 100th birthday in a hilarious manner, a son whom he had mourned as dead for six years, walked in and took part in the festivities. Strange things happen in Hoosierdom.

Sales of the property of R. B. Hutchcraft, of Bourbon, bankrupt, show that it will net about \$130,000, after paying his wife's dower of \$15,000. Hutchcraft would be classed as a millionaire rather than a bankrupt in these diggings.

A new price record for a single parcel of real estate was set in Chicago when a lot sold at \$15,000 per front foot or \$87.46 per square foot. Soil must be mighty rich around the Windy City.

There are some real "dry" ones in New Jersey. Some of the fanatical prohibitors there have demanded that the drinking song be expunged from "Faust" before it is rendered in that State.

FACTS!

This is the time of the year when most everyone is thinking of purchasing a New Vehicle. As we are equally interested we would like to call on you in person and talk the matter over. As this is impossible we are taking this means of reaching you. We are manufacturers of BUGGIES that are in a class to themselves, built absolutely different from any other buggy on the

market. More merit, more strength, more durability than any other buggy manufactured today. We are willing to compare point to point with the best buggy in the country and leave the decision to you. We are truly proud of the success we have had in the buggy business, and at present time are using every means possible to show you that we have an article that is superior in quality, and the selling system we are using puts them out in cheapest possible manner to reach the trade. I have been in the buggy business for 15 years in Danville, never have I promised to save you from \$25 to \$50 on a job. In no case have we ever offered to sell you a good buggy for nothing, or for less than cost of material. I have no desire to deceive you. One thing I wish to deeply impress upon you is that we are selling an HONEST BUILT BUGGY AT AN HONEST PRICE, GIVE YOU ONE HUNDRED CENTS WORTH FOR EVERY DOLLAR YOU SPEND. There is no middle man's profits. When talking to our customers we refer them to some users of Arnold's Buggies, usually some liveryman who has used the buggy several years, who will tell you of their highest standard quality. Most any buggy factory can build you a good buggy on paper, and from the description they give it seems as though they were of the best material and perfectly constructed. It certainly does sound good when you read about them. The price is exceedingly low, even lower than the stock can be bought for a good job, and guaranteed in some cases for two years. We never claim to save you from \$25 to \$50 on a job, but we do save you in the first cost and in service. The question we would like to know if they are so good, what liveryman uses these buggies and what success he has had. If you would like to have the address of some of our livery customers we will gladly furnish same. All we ask is to give us a chance before placing your spring order. We have the largest livery trade in the state. This is our first year to build a \$100 job; full leather top, cushions and back, leather trimmings throughout, Arnold's patent gear, Pinneo & Daniels Wheels, best Kelley rubber tires for the small sum of \$100. Forty-eight Hereford averaged \$158 at Corning, Iowa, recently. The top of the sale was \$450 for Gomez Perfection, a bull.

With the slaughter of two cows and two pigs in a railroad yard at Radnor, Peoria county, Illinois last case of foot-and-mouth disease went under the ground.

J. S. Turpin sold to Joseph Schlachter, the sow and seven pigs he advertised in the I. J. for \$13. He also sold to Will McCormack another sow and eight pigs for \$25.

Minnesota experiment station steers that had been intended for exhibition at the Chicago International Exposition, sold in St. Paul for \$9.50. One Angus steer, 13 months, Chicago winner, weighed 1,750.

R. K. Young, of Adair county, passed through Lincoln late this week with 26 head of light steers and calves en route to Harrodsburg where he will offer them for sale Monday, court day there. He refused an offer of \$32 a head for them here.

Big progress is reported all over Illinois in the cleanup of the foot-and-mouth disease. The Bureau of Animal Industry had a period of six days last week without a report of a single new case, and the cleanup gangs are right behind the cases that are being put under ground.

The Lexington Leader says: "When asked to what use the leaf from the Critt Pepper & LeBus crop from which he paid \$102 per hundred pounds, would be put, W. L. Petty said it would furnish the wrappers for little cigars, and added: And, if Burley could be grown to that perfection, there would be uses for it at ten dollars a pound. In tabloid form, here is a valuable hint to the grower. Care in planting, in cultivating, in housing, in curing, in handling, and in grading, pays big returns. It is noteworthy that good tobacco growers always get better prices than those who go in for quantity first. A very large percentage of the tobacco sold in Lexington this year has been house-burned. Every crowded pound of it is a reflection on the grower. Greed reacts disastrously in the tobacco business particularly. With no other crop, possibly, is the skill and labor of the grower written in the harvest as plainly, the leaf being a record of the whole year's work."

England May Have Prohibition. The war on alcohol, an outcome of the labor situation in Great Britain, has definitely taken precedence over the much-talked-of "spring advance of the allies in the West," the reason being that the problem of munitions has become more pressing than that of recruiting. The pronouncements of cabinet leaders on temperance, and the letter of King George declaring he stood ready to abolish the use of alcohol in the royal household, are intended to pave the way, and soul pure sentiment preparatory to either shutting off absolutely the saloon drink throughout the country, except on physicians' prescriptions, or the adoption of some measure which, perhaps not called absolute prohibition, will have almost as drastic an effect.

TURNERSVILLE. There was cake cutting at Mr. and Mrs. W. H. Mercer's Thursday night. The cake was for the prettiest girl and the pie for the ugliest boy. The cake brought \$12.05, Miss Mattie Mercer, winning by a large majority for the prettiest girl. Mr. Charlie Mercer was fortunate enough to get the pie for the ugliest boy in the house.

Mr. Arthur Mercer has been visiting his sister at Hedgeville for several days.

Mrs. John Smith is visiting her mother, Mrs. James Wray.

Charlie Mercer and Carl Storms went to New Salem Sunday.

Mr. Harvey Mercer is making preparations to go West real soon. We are sorry to give up such a splendid young man.

SPEAKER CLAUDE B. TERRELL IS SEEKING NOMINATION BY DEMOCRATS FOR TREASURER

Trimble County Man Submits Candidacy to Voters
in Primary of August 7, Upon Record of His
Public Services in General Assembly.

HAS TWICE PRESIDED OVER HOUSE

CLAUDE B. TERRELL.

BEDFORD, KY., March 25.—The Honorable Claude B. Terrell, of Trimble County, today announced himself a candidate for the Democratic nomination for State Treasurer in the State primary of August 7, next. He will make an active campaign for the nomination.

Mr. Terrell is one of the best known of the younger Democrats, who have been active in politics and public life during the last few years, and enjoys an acquaintance that covers every section of Kentucky. He is a farmer, merchant and banker in his home town. He has served the Trimble and Oldham District in the General Assembly of Kentucky on three occasions, twice without opposition, and serving at two sessions as Speaker of the House of Representatives.

Mr. Terrell first entered State politics in the memorable legislative session of 1900, when the Goebel contest was before that body. He was a member of the Rules Committee of the House, one of the most important positions at that time, and in the gubernatorial contest, following the assassination of Governor Goebel, he was a member of the Steering Committee of the Democratic organization in the lower House. He was one of the five men of that body who kept its records intact during the days when W. S. Taylor prevented the General Assembly from meeting at the Capitol, and preserved those records so that they were later upheld in the courts of Kentucky.

Mr. Terrell came back to the legislative session of 1912, and because of his former experience was easily elected Speaker of the House. He was returned by his district to the session of 1914, Oldham County Democrats setting aside the custom of rotation in order that he might be thus signally honored, and he was re-elected to the Speakership without opposition in the House. As presiding officer of the lower House he had much to do with the enactment of important legislation during the session of 1912 and 1914.

Parents

Teach your boys that sixty minutes make only one hour, that sixteen full ounces make one pound, and that ten dimes, of ten cents each, make one dollar. Teach them to live so that they can lie down at night with a clear conscience, and without a gun under their pillow and sleep untroubled by the face of those who they have wronged or caused pain. Teach them to earn their meal tickets honestly, and be willing to share the same with the unfortunate. Teach them to be deaf to the jingle of tainted money, and the rustle of untidy skirts; that one working girl is worth more to the world than all the silk dressed, powdered face, diamond ringed street parader in the world. Teach him that happiness is not found in the pocket-book, fancy homes or modernism, that true worth does not consist in diamond stick pins, vulgar expressions, fancy dancing or a knowledge of high life. Teach him that a good book is worth more than a box of matches and a package of cigarettes, and a bottle of chloroform well applied to the nose is better than to grow up to disgrace the family, state and nation and fill the three graves prematurely. Teach him to be blind to the faults of others, see their virtues and remember that where neither exist rarely anything else does, that it is far better to be a "has been" in his old days than a "never was" in all his life. Teach him to do

nothing that he must conceal to avoid disgrace. Teach him that a smile is worth a mile of frowns, and that all play and no work makes a dull mind and a weak body. Teach him when the smell of lilies, the soft tread of feet and the crushing of hoarse wheels in the cemetery drive, and his casket lowered into the dark and silent windowless home that the ceremony should be short and the epitaph simple. "Here lies the remains of a man." Ex.

Make Good Work Possible.

You cannot do good work while your bowels are sluggish or your liver torpid. Wm. O. E. Bieke, Mgr., Scott Hotel, Hancock, Mich., says "I gave Foley Cathartic Tablets a thorough trial, and find them a mild but safe cathartic." Foley Cathartic Tablets never gripe or cause nausea. They do away with that drowsy, dull, tired feeling and are wholesome, cleansing and healthful. Most satisfactory for stout persons. Sold everywhere.

Newby Appoint W. O. Walker Agent W. O. Walker has been appointed local representative of the Kentucky Rural Credit Association, by H. E. Newby, and will look after the interests of the association in Lincoln county. A man who is not interested, should see Mr. Walker about any business connected with the association.

Help Your Home Merchants.

The following was published in the Danville Advocate as a special contribution last week, but is so timely in Stanford that a well known citizen of this city has requested the I. J. to republish it, substituting Stanford and Lincoln county for Danville and Boyle county where they appeared in the contribution:

Beware.

You citizens of Stanford and Lincoln county of the traveling man with the oily tongue and gracious manner, with his pretty samples and order blanks and catalogues. There is nothing he has that you cannot get from your next door neighbor and your personal friends, who help you pay the local taxes, who patronize you, who extend you credit and who send you a customer whenever the opportunity offers. Does the out-of-town fellow help you in any way? Not a bit of it. Recently a seductive chap, with a great scheme of membership in an automobile supply company, got a list of auto owners and perhaps sold many of them the very same things they can see displayed in our own dealers' windows. In the end they will pay dear for their purchases. Are not our garage men competent? Are they not reliable? Do they not help to bear our city and county burdens? Then why not give them your support? If you are not satisfied with your purchase which is the quicker to correct an error? When a citizen dies there come in swarms of big photographs of monuments they claim to have erected (which they likely never did), the marble or monument men from all over the land. Are not our own men in that business as tasteful, as competent, as reliable as they? Do they not buy their granite and marble from the same people? Do they not buy groceries, meats, clothing, hardware, housework done, employ skilled and unskilled labor? Then why not give your own townsman a chance? He makes it possible for you to live and prosper. Then why not have the opportunity, even though he be a trifle higher, which in the end he is not. Today this entire region is circularized by a concern with shoes, neckties, clothing, hats, gloves, hosiery, etc. Are not these very same things to be had in the store where a good citizen is trying to make a living and who helps you make yours? Tell the gentlemen of the tape line and the shoe measure that you are a charter member of good standing of the "Buy in Stanford Club." We heard a shirt man say "that he had sixty of the 'best citizens' of Stanford as his customers. Are they the 'best citizens'?" Decidedly not. Some are bankers and solicit the business of shirt merchants. What would they think if the local shirt man should say: "No, I deposit in Chicago, where you buy your shirts. What could the banker say? The little illustration applicable to every line of business in town. We know a farmer who bought a \$70.00 wagon from a Chicago mail order house just \$2.00 less than his own personal friends in whose stores he bought. When the fire warms his toes in winter and where ice water cools his inwards in summer. Does not the Stanford butcher buy his pigs and lambs, the housewife her eggs, butter and poultry? The proper place for the mail order man's catalogue and the city merchant's circular is in the fluted tin cans that the Civic League put on the sidewalks. That is just what they are for, and be sure to leave the wrapper on them and be perfectly sure to tear them in two so that no one else be tempted. "Swat the drummer," figuratively, for if you must, but let him go out of town hungry rather than starve our citizens should become so. Make a bon-fire of the mail order catalogue and a cigarette lighter of the city man's circular letter. You could not put it to better use, and at the same time treat it so contemptuously. Stand by the man who helps you make a living.

Wonderful Blood Remedy That Works in the Tissues

The Very Latest Theory About How and Why the
Blood is Disordered.

S. S. S. Means Pure Blood Which Insures Long Life and Health.

The great experts in Chemistry and Physiology now declare what has all along been contended by the Swift Laboratory that the germs of blood disorders find lodgment in the interstices of the tissues. And herein is where S. S. S. goes to work rapidly, effectively and with wonderfully noticeable results. This famous blood purifier contains medicinal components just as vital and essential to healthy blood as the nutritive elements of wheat, roast beef, and fats and the sugars that make up our daily ration. As a matter of fact there is one ingredient in S. S. S. which serves the active purpose of stimulating each cellular part of the body to the healthy and judicious selection of its own essential nutriment. That is why it regenerates the blood supply; why it has such a tremendous influence in overcoming eczema, rash, pimples, and all skin afflictions. And in regenerating the tissues S. S. S. has a rapid and positive antidotal effect upon all those irritating influences that cause rheumatism, sore throat, weak eyes, loss of weight, thin pale cheeks, and that weariness of muscle and nerve that is generally experienced, by all sufferers with poisoned blood. Get a bottle of S. S. S. at any drug store, and in a few days you will not only feel bright, and energetic, but you will be the picture of new life. S. S. S. is prepared only in the laboratory of the Swift Specific Co., 201 Swift Bldg., Atlanta, Ga. Who maintain a very efficient Medical Department, where all who have any blood disorder of a stubborn nature may write freely for advice. S. S. S. is sold everywhere by all drug stores. Beware of all attempts to sell you something "Just as good." Insist upon S. S. S.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

HUNDREDS RUSH TO GET TANLAC

Cooper Besieged With Callers Who Want Famous Medicine

Louisville, April 1, 1915.—Hundreds are now calling almost daily to meet L. T. Cooper, the noted visitor, and to find out just how his famous medicine, Tanlac, is sold, how it is prepared and what the preparation actually looks like.

In commenting upon the rush to meet Mr. Cooper and obtain his celebrated medicine, the manager of the Taylor-Isaacs store, said:

"The success of the opening of the introductory sale of Tanlac exceeded our expectation. We have been agreeably surprised by the knowledge the public seems to have of the preparation. While many came just to meet Mr. Cooper and see what the medicine really looked like, equally as many came prepared to obtain the preparation. These people simply asked for Tanlac, and the facility with which the medicine was distributed throughout the day proved somewhat of a revelation to many of our older men."

Mr. Cooper said: "I am, indeed, gratified to see such marked enthusiasm, and feel justified in predicting that Tanlac will prove just as successful in Louisville as it has in the larger cities. I do not believe that I am overestimating the success of the medicine when I state that I am confident that from three to five thousand people will call and obtain Tanlac during this week."

Mr. Cooper was asked about the charitable work he intended to perform in Louisville. He replied: "Yes, it is true that I have written the Associated Charities asking that organization to furnish me, as soon as practicable, with the names and addresses of at least fifty of the most deserving poor families of your city, whom I propose to help. I have also written St. Joseph's Orphan's Home, offering certain contributions. I shall communicate with similar institutions within a few days with the view of endorsing their noble efforts by assisting them in some substantial way."

"In conformity with my usual custom of encouraging the hospitals, I will make special concessions with reference to supplying such institutions of your city with Tanlac, as I consider the preparation a superior tonic in all cases of convalescence."

The famous medicine, Tanlac, can now be bought in Stanford only at Penny's drug store. 27-1

Who Can Doubt Sworn Testimony of Honest Citizens?

Some time ago I began the use of your Swamp-Root with the most remarkable results. For years I was almost a wreck and was a great sufferer. I was so bad at times I would faint away and sink in spells. Finally a new doctor was called in and he said that I had kidney trouble and gave me medicine, of which I took several bottles. I obtained some relief from this but I was getting weaker all the time; I could not sleep and suffered so much pain that my husband and children had to lift me in and out of bed. After this time two friends sent me word to try Swamp-Root, which I did, and I am glad to state that the first dose gave me great relief. After taking the third dose I was helped into bed and slept half of the night.

I took several bottles of Swamp-Root and I feel that I owe my life to this wonderful remedy. The two family doctors said that I could not live three months. I would have to be helped in and out of the bed ten to twenty times every night. After taking Dr. Kilmer's Swamp-Root for two days I was entirely free from getting up and could sleep soundly.

MRS. D. E. HILEMAN, Tunnell, W. V.

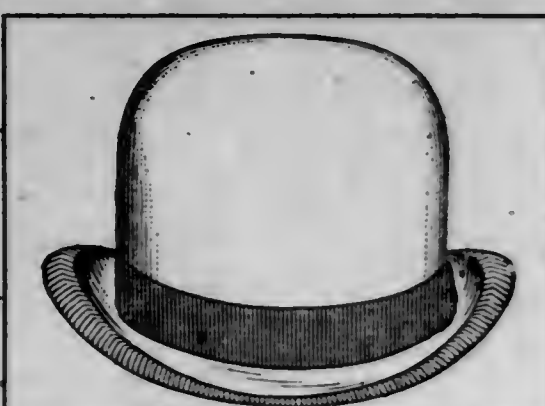

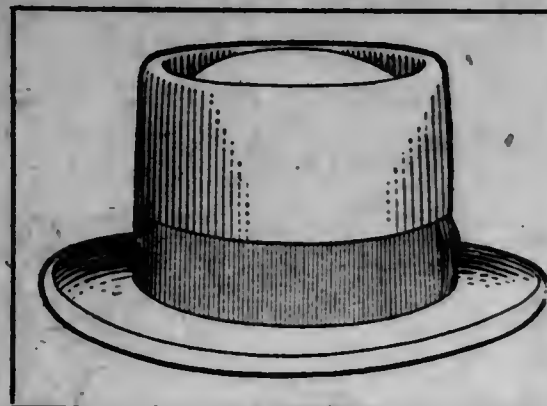

Personally appeared before me, this 11th of September, 1909, Mrs. D. E. Hileman, who subscribed the above statement and made oath that the same is true in substance and in fact.

KEEP THE KIDNEYS WELL

Health Is Worth Saving, and Some Stanford People Know How To Save It.

Many Stanford people take their lives in their hands by neglecting the kidneys when they know these organs need help. Weak kidneys are responsible for a vast amount of suffering and ill health—the slightest delay is dangerous. Use Doan's Kidney Pills—a remedy that has helped thousands of kidney sufferers. Here is a Stanford citizen's recommendation.

"My back was so sore and painful that it was hard for me to get around for days at a time," says D. C. Dyehouse, of Whitley, Ave., Stanford. "I tried everything but didn't seem to get anything that would bring me relief until I got Doan's Kidney Pills. They proved to be what I needed and by the time I had finished three boxes the pain in my back left and I felt better in every way."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Dyehouse had. Foster-Milburn Co., Props., Buffalo, N. Y. 27-1

MRS. WILLIAMS' LONG SICKNESS
Yields To Lydia E. Pinkham's Vegetable Compound.

Elkhart, Ind.:—"I suffered for fourteen years from organic inflammation, female weakness, pain and irregularities. The pains in my sides were increased by walking or standing on my feet and I had such awful bearing down feelings, was depressed in spirits and became thin and pale with dull, heavy eyes. I had six doctors from whom I received only temporary relief. I decided to give Lydia E. Pinkham's Vegetable Compound a fair trial and also the Sanative Wash. I have now used the remedies for four months and cannot express my thanks for what they have done for me.

"If these lines will be of any benefit you have my permission to publish them."—Mrs. SADIE WILLIAMS, 455 James Street, Elkhart, Indiana.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and to-day holds the record of being the most successful remedy for female ills we know of, and thousands of voluntary testimonials on file in the Pinkham laboratory at Lynn, Mass., seem to prove this fact.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

THE FOUNTAIN OF ETERNAL YOUTH

The
Lincoln Springs Association
Moreland, - - Kentucky
A Twentieth Century Miracle

ADDRESS ALL COMMUNICATIONS TO ABRAHAM MINKS, Pres.
MORELAND, LINCOLN COUNTY, KENTUCKY

Three Hundred Years ago and more, the famous Spanish Adventurer—Ponce De Leon—explored the everglades of Florida and the Southland, looking for the Fountain of Eternal Youth. His faith, hope and determination was not rewarded but his search would have been successful if he had journeyed on into the wilds of what is now the southern edge of the rolling hills of the Kentucky Blue Grass Region where Nature pours forth a Mineral Spring of Water, which is a health restoring drink that is rejuvenating jaded bodies and renewing hope in the hearts of thousands of sick people.

The discovery of the Lincoln Springs at Moreland, Lincoln County, Kentucky, (127 miles south of Cincinnati and 104 miles southeast of Louisville,) was an accident—entirely due to the necessity of drilling for water during a terrible dry spell a few years ago. The water which bubbled forth was found to be very beneficial in its effect on the human body both as a drink and for bathing purposes. It has completely cured stomach trouble, kidney and liver disorders of every kind, constipation and diabetes. It will remove sugar from your water and will eliminate any tendency towards dropsy. The Lincoln water completely and permanently removes all poisonous accumulations from the body—and by the removal of uric acid and the curing of rheumatism—restores the body and blood to an ideal condition.

Reasonable drinking and bathing in Lincoln Water cured a man, 60 years of age, of rheumatism and gout—a man who had been in bed for from three to four months every year for 24 years. Since then he has been on his feet every day and has actually worked his farm, attended to his business and has not called a doctor for over a year. Prior to using Lincoln Water, he had traveled to many famous watering places, spent thousands of dollars on doctors trying to find relief for his troubles.

Cleansing and purifying the system—the Lincoln Water will benefit you wonderfully—to cure the Rheumatism, however—it will be necessary for you to come to the Lincoln Springs where you can bathe and drink the water freely. Drinking the water regularly at home will stop your rheumatism but it will not cure it—but it will cure stomach trouble, liver and kidney trouble, diabetes, constipation and chronic ailments due to a disordered condition of the stomach and blood. The Lincoln Water will build up a run down system and increase your weight at least 10 per cent within reasonable time. It will revive a dead appetite, and rejuvenate a listless stomach, and give you an appetite like a hungry boy.

Mother Nature has mixed the minerals and pours forth the water out of her bosom, and this water—which is known as the Lincoln Water—restores the human body to a condition of ideal health. The country people for miles around come with bottles, jugs, and pails for Lincoln Water—we who are near it look upon it as a Miracle and feel towards the Lincoln Springs with great reverence.

It has and is wonderfully benefiting many sick people. If you are able to come to the Lincoln Springs for a few weeks, you must write and secure reservation before you leave home, as the waiting list runs three weeks in advance, especially during the spring, summer and fall. If you cannot come to the Springs—we will send you a 5-gallon bottle of Lincoln Water which will last you ten days and will give you ample chance to see for yourself—the wonderful beneficial qualities of the Lincoln Water and convince you that we have told but half of the healing powers of the Lincoln Water. Write us and send \$2.50 for a trial bottle—add \$1.00 to cover deposit on the bottle, which will be refunded upon return of the bottle, express prepaid to the Lincoln Springs Association, Moreland, Lincoln County, Kentucky.

Make all remittances payable to Abraham Minks, President, The Lincoln Springs Association and address all communications for reservations to him at the same address.

Why Ladies Favor the Horse-Drawn Carriage

It is absolutely impossible for a lady to look dignified, graceful or beautiful in a modern automobile, unless the car happens to be a closed one—then the enclosure which protects the lady's dignity and beauty, at the same time hides those qualities from public admiration.

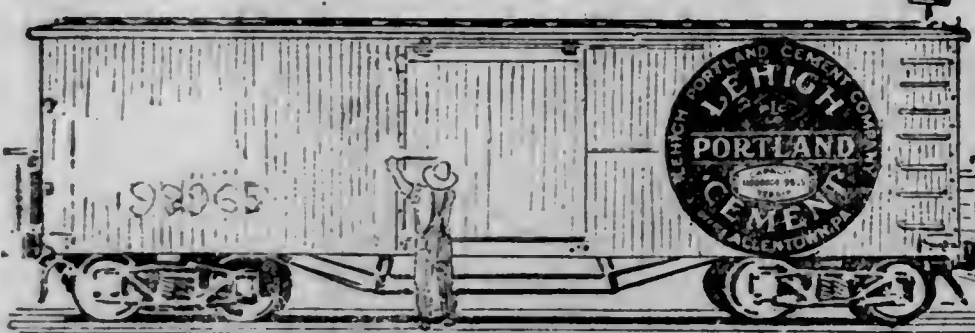

Undoubtedly one of the reasons why the finer grades of horse-drawn carriages are coming into use again in all the larger cities is because they give the women a chance to show their finery, their new hats and dresses; for as our lady friends have regretfully realized, the automobile affords them no such opportunities.

The buggy is one of Dan Capid's best assistants, and every country bred young man is well aware of the fact.

Thirteen, The Marriagable Age

The effort of a Maryland father to secure the annulment of the marriage of his 13-year-old daughter to a 16-year-old boy, discloses that the laws of that State recognize 13 in a female as a marriagable age, and that three other States do likewise. That such laws should disgrace the statutes of any State is most regrettable and common sense should suggest their repeal. An effort is being made in Illinois to reform the marriage laws, making 21 years the legal age of both sexes. There are exceptions, of course but healthy and natural children are not to be expected of immature parents. Certainly marriage should not be contracted before the age of consent.—Lexingtonian.

A CONFESSION

Hopes Her Statement, Made Public, will Help Other Women.

Hines, Ala.—"I must confess," says Mrs. Lula Mae Reid, of this place, "that Cardui, the woman's tonic, has done me a great deal of good."

Before I commenced using Cardui, I would spit up everything I ate. I had a tired, sleepy feeling all the time, and was irregular. I could hardly drag around, and would have severe headaches continuously.

Since taking Cardui, I have entirely quit spitting up what I eat. Everything seems to digest right, and I have gained 10 pounds in weight."

If you are a victim of any of the numerous ills so common to your sex, it is wrong to suffer.

For half a century, Cardui has been relieving just such ills, as is proven by the thousands of letters, similar to the above, which pour into our office, year by year.

Cardui is successful because it is composed of ingredients which act specifically on the womanly constitution, and helps build the weakened organs back to health and strength.

Cardui has helped others, and will help you, too. Get a bottle today. You won't regret it. Your Druggist sells it.

Try "GETS-IT," It's Magic for Corns!

New, Simple, Common-Sense Way.

You will never know how really easy it is to get rid of a corn, until you have tried "GETS-IT." Nothing like it has ever been produced. It takes less time to apply it than it does to read this. It

Kai-yi! Corn-pains in Every Nerve Use "GETS-IT," It "Gets" Every Corn Surely, Quickly!

will dumfound you, especially if you have tried everything else for corns. Two drops applied in a few seconds—that's all. The corn shrivels, then comes right off, painlessly, without fussing or trouble. If you have ever made a fat bundle out of your toe with bandages; used thick, corn pressing cotton-rings; corn-pulling salves; corn-teasing plasters—well, you'll appreciate the difference when you use "GETS-IT." Your corn-agony will vanish. Cutting and gouging with knives, razors, files and scissors, and the danger of blood poison are done away with. Try "GETS-IT" tonight for any corn, callus, wart or bunion. Never fails.

"GETS-IT" is sold by Druggists every where, or a bottle, or sent direct by E. Lawrence & Co., Chicago.

Sold in Stanford and recommended as the world's best corn cure by Shugar's Drug Store.

Jacksonville, Fla., proposes to finance her fair by the sale of buttons. No one in that. Most of Florida is dry and Jacksonville is wet. It is useless to go further into details.

If you check up the number of bottles used you will find Foley's Honey and Tar in greater demand than any other cough medicine. It is safe, prompt and effective for colds, croup, hoarseness, bronchial coughs, throat trouble and lagrippe. It contains no opiates and is the preferred cough medicine for children. Sold Everywhere.

Partners.

Said a whisky flask to a cigarette, I'd like to make a good sized bet.

That I can get more scalps than you. Although your victims ain't so few.

Said the cigarette to the whisky flask, Well that's as easy as I could ask.

For I give kids their downward start. Then you pitch in and do your part.

They come to you with a burning thirst.

But I'd the one that sees 'em first; So most of them should count for me; I'll take the bet, it's a cinch, I've seen;

Then the whisky flask had this to say I never looked at the thing that way;

But I must confess you spoke the truth.

But you that tackles the foolish youth You fill his system with dopey smoke; I mould him into a first-class case;

We work together far too well To quarrel even for a spell.

So the whisky flask and the cigarette Shook hands together called off the bet.

And away they sauntered side by side Hunting for victims far and wide;

In every corner of the nation, Partners, in crime and ruination.

So there's our warning, on the level, Shun them as you would the Devil.

No Such Animal

Once upon a time a "Hill Billy" went to a circus, and in passing through the menagerie, spied a giraffe with its head away in the top of the tent. Gazing in wonder awhile, he finally ejaculated, "Gosh, there ain't no such animal!"

The Illinois young woman who says she wants this kind of a husband will likewise have to come to the conclusion that "there is no such animal!"

"He must not chew, smoke, drink, gamble, swear, play cards, dance or object to washing the supper dishes. He must stay at home every night, live with his income and be a devout Christian."

If there was ever such a breed of men it was long ago extinct.—Lexingtonian.

Printed Stationery For Farms

Every farmer who owns his farm ought to have printed stationery, with his name, the name of his postoffice and properly given. The ed heading might also give the names of whatever crop he specializes in, or his specialties in stock. Neatly printed stationery gives you a personality and a standing with any person or firm to whom you write and insures the proper reading of your name and address. If you wish to write to your congressman or member of the legislature, or if you have a request to make of your county superintendent of schools, or if you wish information from any business house, in any case your letter will have increased weight and receive more and quicker attention if you use stationery. Get the habit. Come in the I. J. office and have us print you 500 sheets of good paper with envelopes to match.
